**Are You Year 2000 (Y2K) OK?**

Plating Shop Owners & Managers:  
Do you have complete control over  
your millennium computing  
problems? AESF is joint-venturing  
with CWE<sup>2</sup> in a new course that will  
help your shop be able to identify,  
evaluate and overcome its Year  
2000 risks.

At the completion, you'll walk out  
the door with an action plan to  
implement as soon as you get back  
to your company.
