

Arbortech Corporation

## Ultrafiltration Technology:

An ultrafiltration technology (UF) information sheet gives a brief overview of UF for industrial companies that are considering money-saving wastewater treatment methods. It details the types of wastewater most suited to UF, a schematic of how the technology works and full-color photos of UF systems. Arbortech Corp., 3607 N. Chapel Hill Rd., McHenry, IL 60050.

## Abrasive Power Tools:

A new 24-page literature piece features a line of air-powered tools and accessories for the woodworking/kitchen and bath industry. The tools are designed for sanding, finishing, grinding, blending, cleaning and polishing wood, metals, marble/stone, fiberglass and various composites. Included is information on a complete line of random orbital sanders, channel-vacuum pads and portable vacuum systems. Dynabrade, Inc., 8989 Sheridan Dr., Clarence, NY 14031.

## Aluminum Products:

A "sneak preview" catalog features new, lightweight yet highly durable aluminum products. The eight-page brochure includes cabinets, computer workstations, tray trucks, rolling carts, dollies, shelving and more. Any item can be custom-ordered to fit exact specifications. Hodge

INTERZINC

Mfg. Co., Inc., 55 Fisk Ave., Springfield, MA 01107-1072.

Details: Circle 303 on reader service card.

## Zinc Design Applications:

"Engineering Solutions with Zinc" is a fully illustrated publication that features applications with innovative finishing and product design for zinc casting alloys. The case history format details, for example, how a single zinc die casting replaced two aluminum castings and eliminated nearly 80 percent of the required secondary machining costs in one application. INTERZINC, 1236 Smith Ct., Suite C, Cleveland, OH 44116.

## Safety Cabinets:

A simple, full-color selection guide pictorially depicts the cabinets best suited for flammable liquids, combustible liquids, corrosives, pesticides and outdoor storage. Cabinets are color-coded according to industry custom and labeled with appropriate warnings and liquid symbols. Justrite Manufacturing Co., 2454 Dempster St., Des Plaines, IL 60016.

Details: Circle 305 on reader service card.

## Ultrasonic NDT:

The fall/winter edition of "NDTimes" ultrasonic nondestructive testing newsletter is available. The six-page, full-color publication contains articles on testing applications and new products, including software, flaw detectors and

MV Products

The new USN series flaw detectors provide visibility in both bright and dark lighting conditions. Krautkramer Branson, 50 Industrial Park Rd., Lewistown, PA 17044.

Details: Circle 306 on reader service card.

## Vacuum Equipment Protection:

A new 12-page catalog describes a variety of inlet traps and oil exhaust mist eliminators for protecting vacuum pumps against corrosive chemicals and abrasive particles, and for protecting people from oil mist in manufacturing plants and labs. The "Vacuum Inlet Traps and Oil Mist Eliminators" catalog provides descriptions, specifications and drawings for each product. MV Products, P.O. Box 359, N. Billerica, MA 01862.

Details: Circle 307 on reader service card.

## Corrosion Catalog:

The "1999 Products Guide" is said to be the largest compilation of materials degradation references in the world. More than 1,000 books, technical standards, software and related products for corrosion control and prevention efforts in a variety of industries are featured, and 80+ new publications are highlighted. NACE International, P.O. Box 218340, Houston, TX 77218-8340.

Details: Circle 308 on reader service card.

## Touch-up Paint Tips:

A series of "How To" brochures provides detailed information on the se-

Stokes Vacuum Inc.

lection and application of touch-up paint products. The brochures are designed to assist manufacturers and installers when touching up nicks, scratches and other coating imperfections in a product's original finish, and include packaging options. Raabe Corp., P.O. Box 1090, Menomonee Falls, WI 53052-1090.

Details: Circle 309 on reader service card.

## Industrial Flow Measurement:

A 12-page, full-color brochure describes a line of industrial flowmeters. "Publication C-12" covers Coriolis mass flow, vortex shedding, oscillating piston, nutating disc, turbine, very low flow and ink/high-pressure meters. Specifications include accuracy, line sizes, flow ranges, mass flow custody transfer, sample applications and accessories. Schlumberger Measurement Div., 1310 Emerald Rd., Greenwood, SC 29646-8800.

Details: Circle 310 on reader service card.

## Vacuum Coating:

A new brochure describes recent advancements in vacuum coating and metallizing systems for such applications as automotive lighting reflectors and trim, EMI shields for electronic equipment, lighting fixtures, glass/plastic mirrors, toys and trophies. New designs are highlighted and custom designs are available. Stokes Vacuum, Inc. 5500 Tabor Rd., Philadelphia, PA 19120.
